C.C.C. Warehouse Storage: Storage must be paid in advance if Federal Warehouse receipt is required. C.C.C. requires storage to be paid to maturity date of loan. Unused prepaid storage and in-handling charge will be refunded to producer at time of sale of grain. All grains deposited or stored are subject to the provisions of the United States Warehouse Act and the regulations there under.

Price Later Contract: Expires July 29, 2022 at 1:15 p.m. market close unless otherwise indicated on contract. Regular drying charges apply. All service charges are deducted at the time of settlement.

Price Later Contracts are subject to a roll fee **IF** Pro Cooperative allows this contract type to roll upon expiration. Any contract rolls will be subject to the next year’s grain policy changes and a roll fee.

Remember: Corn and Beans placed on Price Later contracts will not be eligible for C.C.C. loans.

Discounts for heat, moisture damage, insects, mold, test weight, foreign material, musty, sour, and other factors which are in effect from the grain trade at time of settlement will be applied. Inquire with the Grain Origination Team for complete discount schedule details.

Biotech GMO Policy: Non-Approved varieties of corn for export markets must be delivered to our Feed Mill Locations ONLY (Rolfe, Ayrshire). We require anyone with varieties non-approved for export to give Pro Cooperative notice before delivery. Subject to space available with prior notice.
